Driving time per lane 30 minutes, the driver can be changed at any time (the race is not interrupted).

The **technical rules** are based on the BPC regulations.

The following **deviations** apply:

Only BPA Porsche 911 bodies (K063) with a thickness of 0.010 are allowed. These bodies are also available in our club for 3€ and can also be shipped (plus shipping costs).

The minimum ground clearance of 0.5mm must not be undershot at any time. The minimum ground clearance of 0.5 mm also applies to take-off.

If the minimum ground clearance is not reached, the tyres must be changed immediately during the race and there is a penalty of 30 laps.

Parc Fermé is not allowed during the change breaks, so vehicle service is not allowed.

All other technical rules (such as engines, motor pinion, chassis, vehicle width, etc.) are identical to the BPC rules.
